Go and set up a profile for each site and capture your name on this real estate NOW. If you are not sure what to do then consider either looking for tutorials or hiring me for a coaching session.

I will be offering workshops coming soon to walk you through step by step and doing them online so that it is easy on everyone's, travel and time to make sure you are taking action VS just thinking about doing it.

Start by setting up accounts and getting your name even if we go back and correct your profile contents, backgrounds and picture. TAKE ACTION.
